

Implementing Federal Health Care Reform

University of Maryland Baltimore County
Public Policy Forum

John M. Colmers, Secretary
Department of Health and Mental Hygiene

October 22, 2010

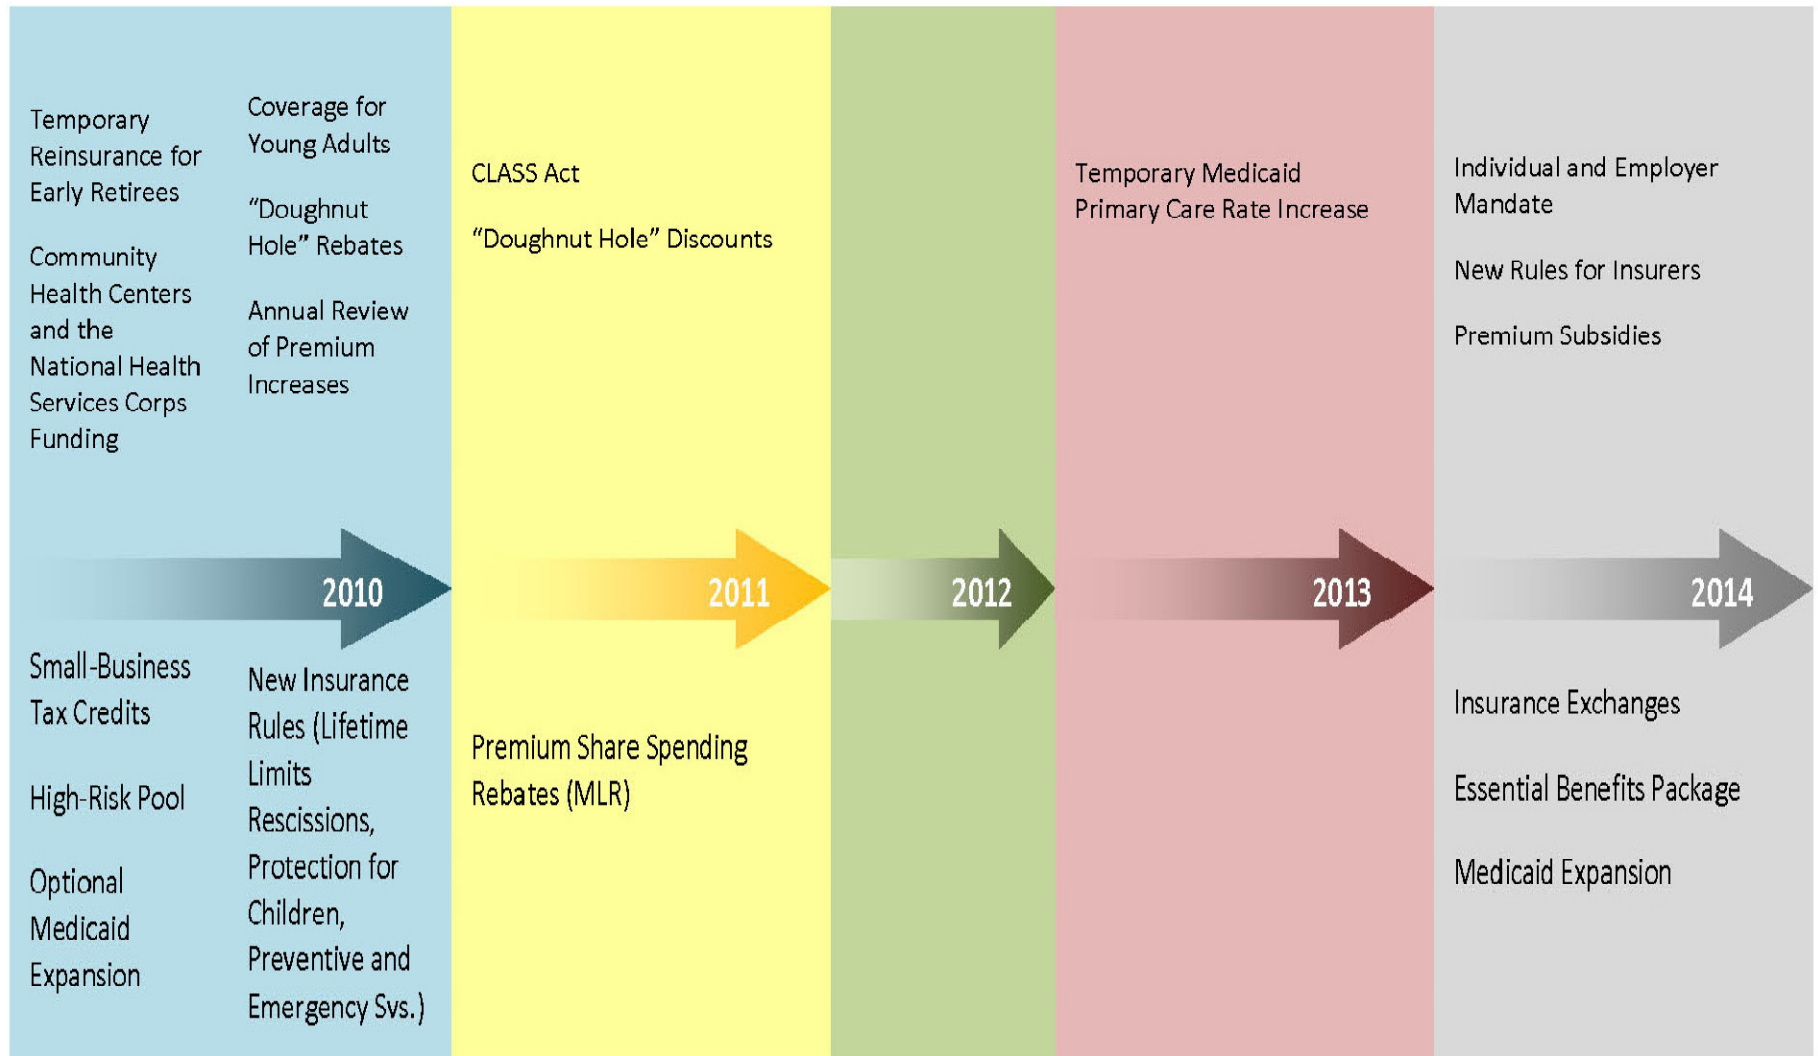

Patient Protection and Affordable Care Act

- Signed into law by President Obama on March 23, 2010
- Reform will do what many states could not do on their own
 - Expand Medicaid across the board to childless adults
 - Require health insurance coverage
 - Eliminate medical underwriting

Affordable Care Act (cont.)

- Offers numerous opportunities for states to address other parts of reform
 - Cost containment
 - Quality and delivery system reform
 - Realignment of programs funding uninsured
- Maryland's many strengths, including our unique all-payer system and recent health expansions leave us well-positioned to implement reform

Effective Dates for Major Health Care Reform Initiatives
